Atta Boy! Look What The Table Is Doing Now

EVERY Presbytery is picking up and only one week of the Thanksgiving returns in. None of the receipts after Saturday, November 29th are included in this report. This one is getting interesting and next months will be a whiz. Over half of the Presbyteries reduced their deficiencies this month. Kings Mountain goes into the lead from second place last month as being most nearly up to their support. Granville drops to second from first Winston Salem drops from third to sixth with Mecklenburg fourth, but look out next month. Just one little church in Winston Salem Presbytery has sent in over a hundred more than the entire report for the Presbytery this month. This will come out in the next report.

PRESBYTERY	Membership	October Receipts	Per member	November Contributions	Per member	Accumulated Deficiency
Kings Mtn.	4695	543.70	11 1-2	$894.39	19	38 1-4
Granville	4573	$452.04	10c	519.36	11 1-4	43 3-4
Concord	7898	818.45	10 1-2	1487.49	18 3-4	45 1-4
Meck'burg	16730	1,270.79	7 1-2	2125.88	12 3-4	55
Orange	10187	274.42	2 3-4	2197.91	21 1-2	56
W.-Salem	3321	195.56	6	189.99	5 3-4	56 1-4

Wilmington	7634	283.23	3 3-4	879.31	11 1-2	59 1-2
Fayetteville	12165	448.82	3 3-4	1424.09	11 3-4	66
Total	70837	4,350.17	6.1	10356.43	14.5	54.3

For the benefit of anyone who hasnt noticed this table before, the amount per member per month to support the Orphanage is 12 1-2 cent, November is the eighth month of the church year, so the amount per member due November 30th is $1.00. A glance at the table will show that the Synod as a whole hasn't quite reached the half-way point, and only three of the Presbyteries have passed the mid-point. Looks bad doesnt it? But then this months report is about double any previous month and we are hoping that the Thanksgiving returns coming in in December will improve this table a lot.

Possibly some of our readers will like to know just what part of the totals in the table are from the Thanksgiving offerings. The amounts run as follows:

	Regular	Thanksgiving
Albemarle	$398.46	$ 209.55
Concord	265.64	1,221.85
Fayetteville	513.84	910.25
Granville	298.08	221.28
Kings Mountain	739.17	155.22
Mecklenburg	1477.01	648.87
Orange	510.75	1687.16
Wilmington	365.23	514.08
Winston-Salem	144.49	45.50
	$4,712.67	$5,613.76

Just To What Age And Group Does The Orphanage Make The Greatest Appeal?

Here are a few samples taken from the present Thanksgiving Offering.

"Please find enclosed check from wife and self four dollars would like to give more to the dear children. God bless them. My income is small and I am 86 yrs. 3 months old. Yours truly.

D. A. SLOOP

Rte. 3 Mooresville

"I have made twenty two dollars working in tobacco and selling chickens and am sending you one tenth for the Lord. Use it for the Orphans.

EDWARD MAYO

(10 years old)

Faulkland, N. C.

Another check for $11.00 from Mr. Jas. Josey, Scotland Neck, being one fourth of the total contributed by state convicts on Thanksgiving for the Orphans. This gives you a little different idea about these unfortunates doesn't it?

Other contributions come in from Picture shows that have given the Thanksgiving day profits to this cause From school children, from clubs etc. and then one contribution from an old woman herself in a charitable institution.

When we consider the sources from which the contributions come we feel often like taking off our hat for we are in the presence of something sacred.

The returns for Thanksgiving week were much larger than a year ago We dont know whether our people are more generous or more pompt. We hope it means the former and that the final returns will show an even larger increase than the first week would indicate.

District Convention Christian Endeavor Held at Newton

Two Barium workers attended the meeting of Northwestern District Christian Endeavor Convention which convened in Newton Nov. 9th. The local workers from here were guests of two former Barium girls, Misses Laura and Ethel McConnel, Special mention is deserving for these girls generous hospitality, and the splendid work they are doing in Newton.

. It will be noticed that Charity and Children gives meagre space to the doings of the boys on the ball field. This paper is run in the interest or the Orphanage and it knows full well that the substantial supporters of this institution do not give a flip whether the boys win or lose in a kicking contest.—Charity and Children.

For the editor of "The Messenger" to presume to take issue with the dean of all Orphanage paper editors is rather brazen but the sentiments expressed in the above clipping are so amazing that Brother Archibald Johnson must have written them in a moment of mental aberration. If the Babtist Orphanage is supported by people who do not care whether the boys win or lose in their "Kicking contest" we dont know where they live. Football is such a vital force in right living and developing all that is manly in a boy that no man can really know the game and its benefits and be even lukewarm toward it, much less opposed to it. And of all institutions to be benefitted by football we beleive the Orphanage derives the most good. Football is a rough game in appearance and yet it developes gentleness. It requires every ounce of energy delivered in clean honest effort but it develops a courtesy that stamps a man a gentleman for life. It shows up the coward and braggart, and eliminates the bully.

Lets sum up a few of the benefits. Our Doctor never goes to a game and yet when our physical examinations commence he always picks out the foot ball player on account of the extraordinary developement in a years time. Our head matron wouldn't know when a score was made and she has been in Orphanage work a good many years, she says that something has made the ball squad the most courteous gentlemanly lot of boys she has ever known here. Our school teachers are good teachers and rather jealus of anything that may distract from studies. They report instead of a falling off in scholarship on account of football a more intelligent effort to make the most of school. Strangers that meet our boys either on our campus or else where often comment on their selfpossession and well bred appearance, and this is in no small part due to the meeting of other teams here and elsewhere.

About runaways, there has been no runaway of a boy connected with the team since football started here, and no runaway of any boy for over a year.

Possibly we give entirely too much space to football in our little paper but during the fall months it is a thing of vital interest to every child at this institution, every boy even down to the babies is practicing, and the doings of the team is monentous. Anything that interests our family to such an extent we believe interets our friends,

Now just one word as to the onlookers view-point. We haven't yet been able to figure out a convenient time for our vacation and our work piles up in the fall in a dangerous manner. The doctors say that it will certainly bring on high blood pressure and quick death, and the burden of looking after our own football team adds to this work. But get this, for this particular individual a well played game of football is worth a full weeks vacation and rest. We can go on the sidelines after a week of killing rushing work, and a like amount just ahead with even Sundays filled up with speaking dates, with a potential blood pressure of 900 or thereabouts when the starting whistle blows and the referees "Are you ready captain?" and in two hours our mind is washed clean of worry, our body is stripped of its fatigue and we are ready to go on. Folks do you like to hear about the games?

Another Thing

Of all agencies for good that operate at our Orphans home football is the only one that does not cost the institution anything.

Everthing connected with the expenses of the team, their suits and other equipment are paid for by the people that see the games. And besides that it also buys all the other athletic equipment such as Basket Balls, Gymnasium mats etc.

ANNIE LOUISE COTTAGE

As we haven't written any news in such a long time, it is hard to know just where to begin. Following the habit of womankind we will begin with our wants.

Wanted: By Mrs. Fraley something to close Elmer Rodricks big mouth.

Wanted: by Thelma Godwin some one to build the fires on Wednesdays and Saturdays.

Wanted: by Miss Compton some thing guaranteed to hold her hair down.

Wanted: by Leone Caudill something to make her grow tall.

Wanted: by Virginia Edwards, Mary Belle Lee, Zora Lee, Texie Johnson and Eula Anthony more trash baskets to empty.

Wanted: by Margeret Brooks every body be quiet.

We haven't much time to devote to our wants, as we have more important things to think about this time of the year.

We are all looking forward to a big Thanksgiving we can see the preparation for our dinner going on over at the kitchen.

It is our sincere wish that everyone will enjoy Thanksgiving as much as we.

ALEXANDER *and* DAIRY

Every thing is coming along fine down on this end of the campus.

Since the frosty mornings have [illegible] coming Marvin Huffstetler and Pug Holland are having quite a sharp competition in rabbit catching, but Clinton Caudill believes in catching possums. He has caught one already.

We have 10 new cows and 1 new bull in our herd. They were pretty poor when we got them but are looking better now.

We have all come through the foot ball season without any necks being broken. A few smashed noses, skinned faces and shins, swelled lips is about all we have had to show for it,

We enjoyed the games with Statesville if they did lick us.

We are looking forward to the game Saturday with Thomasville Orphanage

Oh! my the chickens hove began to come in for Thanksgiving. Many thanks to the good people who are sending them.

The Sign of the Big Broom this month goes to the girls of the second Floor Lottie Walker. By the way this cottage was the one to have it after Rumple Hall before.

Up to December the first that $1,000.00 check from the Mens Bible Class of the First Presbyterian Church Greensboro, remained the largest contribution from any source so far recieved. It will no doubt remain the largest contribution from a single class. When the final check is in from this church and all is added up we wonder if any other church will go over it.

The write up of the last two football games which Barium played will be published in next month's paper.

What Shall We Do With Our Ex Pugilists

The country every once in a while gets worked up as to what to do with our ex-presidents and then since we never seem able to accumulate more than one the excitement dies down, but some days ago in a popular weekly we noticed some articles by James J. Corbett and we awoke with a start to the fact that but for a very few all the great bruisers are still with us hale and hearty and still craving action of some sort. You know the latter craving is strong to cause J. J. to take to writing.

Now we come forward with a suggestion to relieve this situation, and possibly cure another evil. Since we have so many good roads and since the automobile engineers have so perfected the cars of today it is possible for a woman to operate a car for most any reasonable distance without the necessity of a man being along as far as handling the car is concerned and more and more strictly female automobile parties are to be seen on the highways everyday.

Now this has given rise to another developement, the Highway sheik. This buzzard generally hangs around a suburban filling station and when a car full of young ladies pass outward bound he takes a fresh chew of Navy to get his smile worked up to full candle power or lights a fag to give himself the proper air and proceeds to put his roadster as close to the girls car as possible, holding alongside and trying to exchange pleasantries with the girls, being the favorite stunt. Of course there are usually several of these heart smashers together in the same car, and unless the women being persecuted appeal to some passerby for help they must put up with this annoyance and danger until they reach their destination. If complaint is made and the offenders arrested there seems no law that fits their case.

Now about the expugilists, they are generally very courageous to women as all strong men generally are, so why not supply them with cars to simply float up and down our highways and observe. When a case like the above comes to notice, just maneuver the offending car into the ditch and then stand these fast babies up in a row and put one each right on the button. It would be interesting to note if you knock them high enough if they would come down feet foremost or head foremost, which would establish whether their heads were empty or solid bone.

This provision would do away with that vast army of unemployed and fill those weary years of the pugilists life after some youngster has taken his title away with such a soul satisfying occupation. If this should be made the thing some one page Dempsey, he is wanted first on the Mooresville-Statesville section.

What Some of Us Get From The Thought of Xmas

We have been along for some few years in this life and withall there have been manifested in serene thinking experiences what might have been, but in the run of a whole years time, nothing ever happens to satisfy a desire at no other time better than at Xmas.

We drudge along throughout a whole year and try to make a strong fight of every day living in the other fellow's estimation only to be recognized by your fellowman's idea of such stamina and he sends you a greeting card for it. And if there is that person— be it buddy, business associate, sweetheart, better half or what not—that proves to be an eminent factor in your young career, it usually strikes about dizzy at Yule-tide to make up for good measure what has been overlooked in 365 days. And through no other weakness than this the card-greeting spirit has grown to such a stage that a once healthy bank account seldom ever gets back to normal until three months after holidays.

If that personage who knows his stuff in your employe has merited our satisfaction or so- and-so has been a good wife, and Susie has been a nice girl and finally decided to take you "for better or for worse" why not just tell them they know their onions —perhaps wish them well, accompanied by a pat on the back and let well- enough- alone.

But through no other source did this giving habit get its birth. Just so true as did two men start the world war. Why even old St. Nicholas has anticipated the theme, and now all girls and boys write him letters, just to see if he exchanges presents for same) and on Christmas Eve he invades a home and fills a stocking brim-full of good things. Whether said stocking is full of holes, etc. or not.

Of course, there are some who are unaware of "peace on earth and good will to man," but ere long irrespective of time and place, the heart-strings of someone dear to them is gladdened by the anticipation of tomorrow, "and the day grows long towards the setting sun" while by the fireside, within, it might have been a dog crouched by the side of a warm fire with his master.

A LEAD SLINGER

'Twas the night before Christmas,
when all through the house
Not a creature was stirring, not even a
mouse.
The stockings were hung by the
chimney with care
In hopes that St. Nicholson soon
would be there.
The children were nestled all snug in
their beds
While versions of sugar plums danced
in their heads.

SYNOD COTTAGE

As the Thanksgiving season draws near and we review the blessings of the past year, Synod feels deep down in their hearts very thankful for all the many blessings they have enjoyed. Through our space in the Barium Messenger we want to send a big "thank you" to everybody all over the state that has had a part in making our home and has supplied our every want.

David Beaver, Luzon Cook, Joe Savage, Oscar Clark, and Edward Flowers were the fortunate ones to enjoy the birthday dinner from our cottage this month.

Our representation on the honor and merit roll still grows. This month we had 7 on the honor roll and 6 on the merit roll.

Mrs Wallace visited her children last week.

Mrs Beaver spent Saturday afternoon with her children.

Mr Kline visited Charles Sunday afternoon.

We are looking forth with much pleasure to the Thanksgiving holidays we are to have. Holidays start on Wednesday and last until Monday.

To Our Mooresville Friends

Barium Springs, N. C.
Nov. 4, 1924

Dear Friends:—

I thank you all for inviting the Barium childen to the fair. We had a fine time riding on the different things, as the ferris wheel, hobby horses, whips, and the swings. We also saw the minstrl show by the negroes. We enjoyed "the ice cream and pop corn", you may be sure.

I want to thank the people for coming up and taking us there in their cars.

Your Friend,
Clyde Johnson

The Apple Tree

EARLIE MAE GRIFFIN

There was once a tree. It was an apple tree.

It was planted in a place where no one ever went. and it was lonesome in the valley all by its self.

It grew and grew until at last a family moved into the valley.

One Spring morning the children of the family went into the valley to play.

There were three children, one named Bob, one Lucile, and the other Margret, and one was 10, one was 13 and the other 15, the boy 15 said, "Lets go to the apple tree, that papa planted down in here."

They said, "Oh, my! look what a pretty apple tree! it has pretty pink and white blossoms on it."

They played down there all the morning until dinner then their mother came to the door and called them to dinner.

While they were eating dinner Bob told his father all about the apple tree.

It wasn't long until there were little green apples on the tree.

In a little while there were big red apples on it, they were gathered up and canned, the apples were sent to a far off place where the climate is too cold to grow fruits like apples.

Attention, Mothers! And Relatives of The Children

We are always glad to welcome you here, especially during the Holiday Season, and want you to enjoy your visit without feeling that you are imposing on any one but some results of these visits have to be considered. When just one person comes we could hardly notice the difference, but when scores come it makes a very great difference and in the present financial condition of the institution we do not feel that we have a right to entertain you out of the Orphanage funds. If we did, it would eventually mean that it would deprive the children of something very necessary to their welfare.

Again the entertainment of many guests during the holidays or week ends means extra work for the dining room and kitchen groups and you naturally expect the children you visit to be excused from work to be with you. Not much of a good time for the ones that have to do the extra work, is it?

For this reason we have decided to make a charge of (50cents) a meal in our Dining Room or $2.00 a day when lodging is also provided.

There are homes near the Campus where other arrangment can be made for a short period of time and we much prefer that this be done as our accommodations are very limited.

This rule does not apply to our Alumni, This is still their home and we are always glad to welcome them, not just as guests but as grown-up members of the family.

EPITAPHS ETC.

When flowery epitaphs we read.
So often they our minds mislead
And we can't understand
Why sculpters praise in glowing hue
When to be fair, the one we knew
Was quite a different man.

When I am gone pray do not sing
About my life or anything
Kind friends might say I've done.
Life is too short and too much left
To sing my praise or be bereft
That I have died and gone.

If one kind word you'd speak to me,
Or have one thought of charity
About my life, kind friend,
Just let me have it while I'm here,
For should you sing around my bier
I couldn't hear you then.

Kind epitaphs we like to read,
But some times, in this life, we need
To hear kind words of cheer.
So any flowers you would give
Will cheer my heart more while I
live
Than heaped upon my bier.

INFIRMARY

We don't have much news this month, but we have more than last time.

We thank the ladies of Mooresville for sending us the bottles, glasses and magazines, we enjoy reading the magazines very much.

We have gotten in three new children this month, Pauline Starling and Paul and Frank Cornet, brothers, they came in the place of the Alexander children.

We are having a fine time going to school.

We woke up the other morning and were overjoyed to see that a light snow had fallen and everyone was calling to one another "Oh it snowed, it snowed, it snowed!" but by ten o'clock it was all gone, wish it would snow hard.

Well I must stop because I don't have any more news.

BY PAULINE SHAVER

"Does your sweet mama know anything about automobiles?"

"I should say not. She asked me last night if I cooled the engine by stripping the gears."

RUMPLE HALL

Since our last letter we have had visits from Mrs. J. G. Jackins and Mrs. J. M. of Charlotte. Also Mrs. Caldwell of Mt. Mourne.

Mrs. J. R. Spence, mother of Bessie Vann, was a recent visitor.

Mrs. Helms of Charlotte also visited her daughter, Coralee.

Mrs. Beaver and daughter Ora of Statesville were down Saturday to see Beulah.

We are pleased once more to be the winner of the Big Broom.

We were delighted to see Mrs. Matheson, our former matron, on last Saturday.

Eleanor Alexander, one of our girls for a few weeks, left us recently to stay with her mother in Charlotte.

We were delighted to have with us our friends from Salisbury First church the past week and show them our siting room of which we are very proud —so beautifully furnished by them. They also came with a fine Thanksgiving donation.

We will be delighted to welcome our pastor, Rev. W. C. Brown, on next Sunday.

Idell Ellis of Howard Cottage has joined our family. We welcome her over —another dish washer!

Just one month till Christmas. Our letters are all written.

Miss Lackie, our kitchen matron, spent a few days in Hiddnite last week.

Sambo Had it Figured Out Right

"Kin Ah git a marriage "stifikait" here?" asked a husky negro in register of Deeds Farrow's office Saturday morning.

Mr. Farrow informed him that he could and proceeded to fill out the form for him.

"Getting pretty close to Christmas," remarked Mr. Farrow.

"That's the reason Ah wishes to git married right now," replied the negro. "Ah figgahs that if we kin git hooked up foah Christmas Ah won't have to buy mah gal a Christmas present." —Ex.

ATHLETICS

FOOTBALL

With the setting of the sun on the football season of 1924, Barium will complete a glorious record. A complete writeup of the games played since the Lincolnton contest appear below.

Barium 54, Kannapolis 0 At Kannapolis, November 8,

The Kannapolis team were a big husky lot of boys and wanted to win awfully bad, but for steam and condition our boys had them outclassed Barium ran through them and tried all their stuff and then some new stuff and then wound up practicing some fancy kicks. All our team played well the outstanding feature being Jack Harris' kicking of goals. Out of eight tries for goal from placement six were successful. Thad Brock was the only Barium player retired from the game on account of injuries. This was a hard blow in the stomach that made Thad long for some good old mountain air.

Coming home after the game one of the cars, to avoid a collision with another car took the ditch and overturned. Outside of waking Druey Patterson rather rudely and cutting Russel Stricklands head slightly no harm was done to the boys. The car recovered sufficiently to get the boys home.

Spencer Apprentice Team 0 Barium 20 At Barium

This game on Bariums own ground was not so much enjoyed by the rooters on account of the sudden cold spell. But our boys certainly warmed up the visitors. Everybody seemed to be cold and nervous at the start. Barium kicked off then held Spencer for downs but were unable to put one over in the first quarter, the nearest to scoring being an attempt to place kick which failed. In the second quarter Spencer tried to kick on their twenty yard line. The kick was blocked but Spencer recovered the ball on the three yard line. Again an attempt was made to kick which was blocked, Brock recovered the ball behind the line for the first touchdown. No goal.

On the kick off Spencer receiving the ball was fumbled by Spencer and was recovered behind their goal, the man was tackled back of the line, a safety resulting counting 2 points for Barium.

By straight line bucks end plays and criss crosses, and a few passes the ball was carried down by Barium for another touchdown, Caudill being the messenger to make the final distance. No goal.

The final touchdown was made by Jack Harris who carried the ball over in one of the prettiest fifteen yd. plunges seen on anybody's field. No goal, final score 20 to 0.

All the substitutes were given a try out in this game and two of the cripples were back in and wearing smiles that you could see a mile. Fraley in again at half and Beatty at tackle both played the game well.

Lenoir High School 14 Barium 0 At Lenoir November 21st In The Rain.

On this date Barium attempted about the most ambitious dare of the season, journeying to Lenoir a distance of 52 miles and tackling the big and seasoned Lenoir team on their own grounds. The score is really a victory for Barium for there should have been a much greater difference in the teams. However if it hadn't been a raining Barium might have put another figure in the place of that zero. They have gotten in the habit of scoring and like the taste of it.

Heres looking forward to meeting Lenoir again, when some of the 200 pounders will be in college, and then look out.

Some More Athletics

Some time ago the eighth grade football team of Statesville came down to Barium and played our second team and the result was a 7 to 6 victory for Statesville

A return game was played Saturday, November 22, in a 17 to 7 victory for Statesville. Both games were well played, in the first Jack MacKay, Robert Johnston and Fred Huffstetler starring. In the second Robert Johnston and Pug Holland were the most consistent ground gainers, while Roy Barnhill smeared many a line play. This about winds up the season for these youngsters, but we can look for some of next years stars from this same crowd.

Also on the same Saturday on the same grounds McLean Capps crowd of Alexander mixed up with the Pumas of Statesville, the average weight of this team was about 80 lbs. and when the dust had settled the score stood 13 to 7 in favor of the Pumas. Gene Kerr was the bad actor in the second half and nearly upset the score. If Gene had been in earlier no doubt the game would have ended differently. Look out for these several years from now

Basketball

On November, the 12th, Cornelius High Girls came up to try conclusions with our team and in one of the fastest and prettiest games ever carried off the victory 33 to 23. One of the Cornelius girls could ring the goal backwards with her eyes shut.

Next in Troutman on the 21st our girls showed the Troutman high girls the game at the rate of 54 to 5. Last year Troutman won two out of three games from us.

Then on Saturday November 22 at Cornelius in a return game Cornelius again won 40 to 23.

As soon as the football season is over and we can all get our minds adjusted to the basket ball game we are going to root our girls to a victory everytime.

"Willie, what part of speech is 'nose'?"

"None, you speak with your mouth."

BABY COTTAGE

We all miss Letha Copeland one of our best girls who went to the hospital about two weeks ago and we all hope she will soon recover. Mrs. Purdy and four girls went to see her last Sunday and she enjoyed the visit very much.

Wiggie Cable was delighted to have his sisters with him Sunday.

Notice: Friends we have never gotten our sitting room furnished yet and the only music we have is the babies voices and we would like to have a victrola

Mrs. Purdy and her son Frank, spent Saturday in Statesville shopping.

Our news is scarce but we hope to have more next time.

The little black pony that has been loaned to us for the past two winters is now our property. Dr. A. P. Gilmour of the First Church of Wilmington having purchased his son's interest in this fine little animal and giving it outright to the youngsters here and along with this welcome letter comes a saddle and bridal.

We hope Dr. Gilmour and his family can stop in some time to get the individual thanks of the great number of boys that are grateful to him for this gift.
